

# Will it change back?

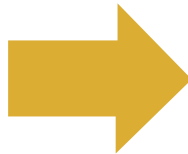

Look at the pictures below taken from around the Museum site. They all show materials, undergoing changes. Fill in the blank space below the picture to say whether the change is reversible or irreversible.

If it is reversible draw another arrow underneath the first, pointing to the first picture, to show it will change back.

**Coal**

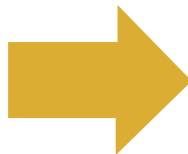

Coal being burnt is  
----- change

**Fire**

**Metal**

Metal being heated and  
hammered into a horseshoe  
----- change

**Horseshoe**
